

Product Delivery Policy

Deliveries are now available to our agency partners! All deliveries are subject to approval by the Food Resource Manager. The following outlines delivery eligibility and fees:

Eligibility

Deliveries may be requested by any agency that orders a minimum of 1000 lbs. of product. Agencies will be divided into three delivery zones:

- **Zone A** is defined as 20 miles or less from the FBLC Distribution Center, located at 5706 Wright Dr., Loveland, CO 80537.
- **Zone B** is any location between 20 and 30 miles from the FBLC Distribution Center.
- **Zone C** is any location (within Larimer County) greater than 30 miles from the FBLC Distribution Center.

Deliveries must be requested a minimum of two weeks in advance if not already arranged as a recurring event. Bulk produce may also be requested with deliveries in quantities outlined on the weekly shopping list. Currently, no other perishable products are eligible for delivery.

Fees

- Agencies within Zone A will be assessed a delivery fee of 4¢ per pound with no maximum charge.
- Agencies with Zone B will be assessed a delivery fee of 6¢ per pound with no maximum charge.
- Agencies within Zone C will be assessed a delivery fee of 8¢ per pound with no maximum charge.

Delivery fees will not be collected on bulk produce above and beyond the 1000 lb. minimum order. Bulk produce may be requested in order to meet the minimum delivery requirement but will still be subject to delivery fees.
