PLANT IT FORWARD
Fighting Hunger from the Ground Up

A HOW-TO GUIDE FOR GARDENERS
IN OUR COMMUNITY TO SHARE FRESH PRODUCE WITH THOSE IN NEED IN LARIMER COUNTY.

“No donation is too small.”
**WHAT IS PLANT IT FORWARD?**

Plant It Forward is a partnership between the Gardens on Spring Creek and the Food Bank for Larimer County. Launched in 2011, the Plant It Forward initiative asks local gardeners and farms to “plant a row for us” in an effort to have fresh, locally grown produce donated to the Food Bank.

**WHY IS PLANT IT FORWARD IMPORTANT?**

The Food Bank serves an estimated 37,500 unduplicated Larimer County residents each year through its many hunger-relief efforts. A main focus for the Food Bank is sourcing fresh, healthy produce for the clients it serves.

As a local gardener, when you donate produce from your garden you are helping the Food Bank provide healthy food options that improve the lives and the health of our neighbors.

Clients of the Food Bank often comment that the locally grown produce is some of the freshest and best-tasting they receive.

**HOW DOES PLANT IT FORWARD WORK?**

If you are a local gardener, it really couldn’t be easier: Simply plant an extra row or two in the spring. As your crop is ready, drop it off at either the Food Bank for Larimer County or the Gardens on Spring Creek. That’s all there is to it!
